Food Dehydrator Manufacturer Since 1994

02

A10 Series Multi-Function Heat Pump Dehydrating System

It is the most convenient all-in-one drying machine that has the highest capacity.

www.ike.cn

No installation is required

We have installed the whole drying system for you.

What can it drying?

- Fruits and Vegetables
- Pastas
- Tea
- Flowers and Leaves
- Nuts and seeds
- Herbs and Spices
- Meat and Petfood
- Seafood

It can be used to dry fresh food separately or even together without worry of mixed fragrance.

Features:

- ▶ It is the most convenient all-in-one drying machine that has the highest capacity.
- ▶ It is made with stainless steel and can be equipped with plastic, stainless steel or customized drying racks.
- ▶ It easy to load on the container and no need installation, fit for some customers have big site to place it and have trouble to install a drying house.
- ▶ During a drying process, the dry air circulates inside a well-insulated cabinet and only condensed water is discharged. Therefore, during the drying process, no energy is lost and no pollutant can contaminate the items being dried. This makes the drying extremely efficient and clean.
- ▶ Low to mid drying temperature setting for food will maintain its original color and fragrance, and keep its nutrition to the maximum extent.

Temperature range settings available							
10°C	20°C	30°C	40°C	50°C	60°C	70°C	80°C
	Low temp. dehydrators						
				Middle temp. dehydrators			
				High temp. dehydrators			

02.1 AIO-1600 series all-in-one Dehydrating System

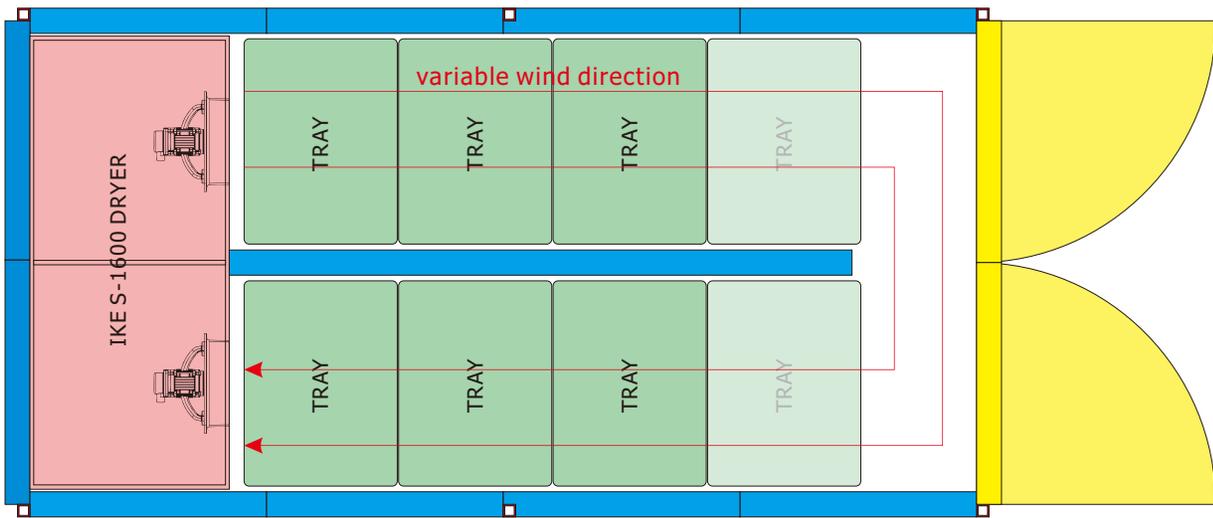

The AIO-1600 series all-in-one dehydrating system used with IKE S series drying machine, you can choose forward and reverse wind structure to achieve evenly drying by parallel airflow.

This system are wildly use in tray drying. Suggest using IKE standard trays and keeping the drying material thickness less than 30mm.

Model	AIO-1600A	AIO-1600G
Material	Stainless Steel	Stainless Steel
Capacity	1000~1500Kg / batch	1000~1500Kg / batch
Power Supply	380V~3N / 50Hz / 60Hz	380V~3N / 50Hz / 60Hz
Power Input	17.0KW	17.0KW
Running Current	30.0A	30.0A
Fast heating-up	12.0KW	12.0KW
Maximum Power	30.0KW	30.0KW
Dehydration Amount	45.0Kg/h (@50°C,80%)	45.0Kg/h (@50°C,80%)
Working Temperature	50~65°C	50~80°C
Controller	IKE Smart color-touch-screen	IKE Smart color-touch-screen
Noise Level	≤75bB(A)	≤75bB(A)
Wind Volume	23500m ³ /h	23500m ³ /h
Main Machine	S-1600A	S-1600G
Machine Size(L*W*H)	1800*850*2000mm	1800*850*2000mm
Chamber Size(L*W*H)	4000*2100*2100mm	4000*2100*2100mm

Self-contained slope

Plastic Trays & Trolleys

Stainless Steel Racks & Trays

Use thick hinges and latches

02.2 AIO-500 series all-in-one Dehydrating System

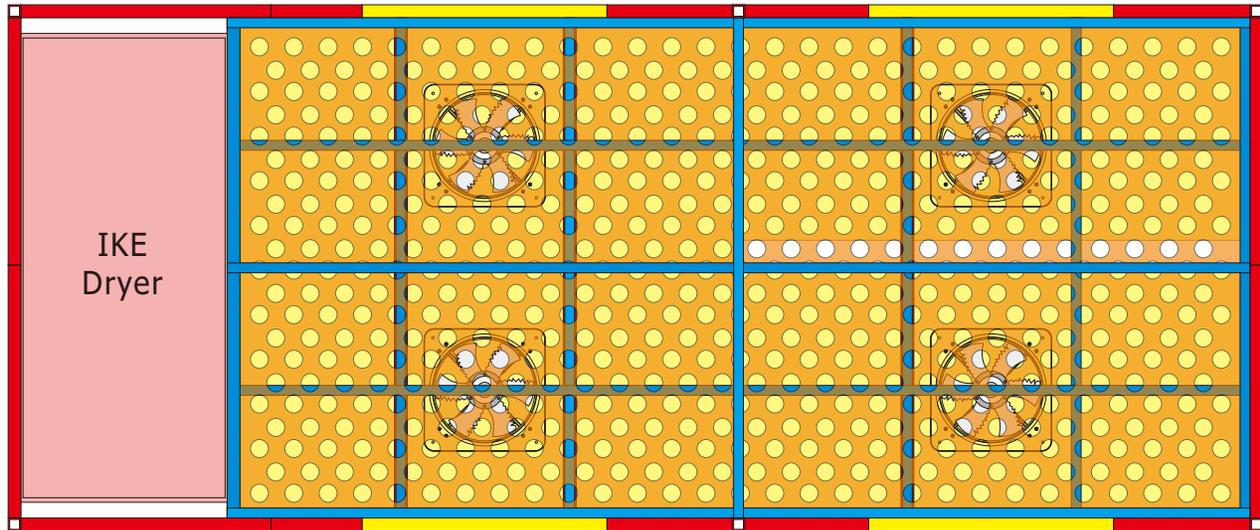

The AIO-500 series all-in-one dehydrating system used with IKE WRH-500 series drying machine. This type of dehydrating system is usually using specially big trays. For some round, no sticky items, we can dry them by direct stacking. The thickness of the material is about 300mm, the strong wind blows directly from the bottom and pass by the material.

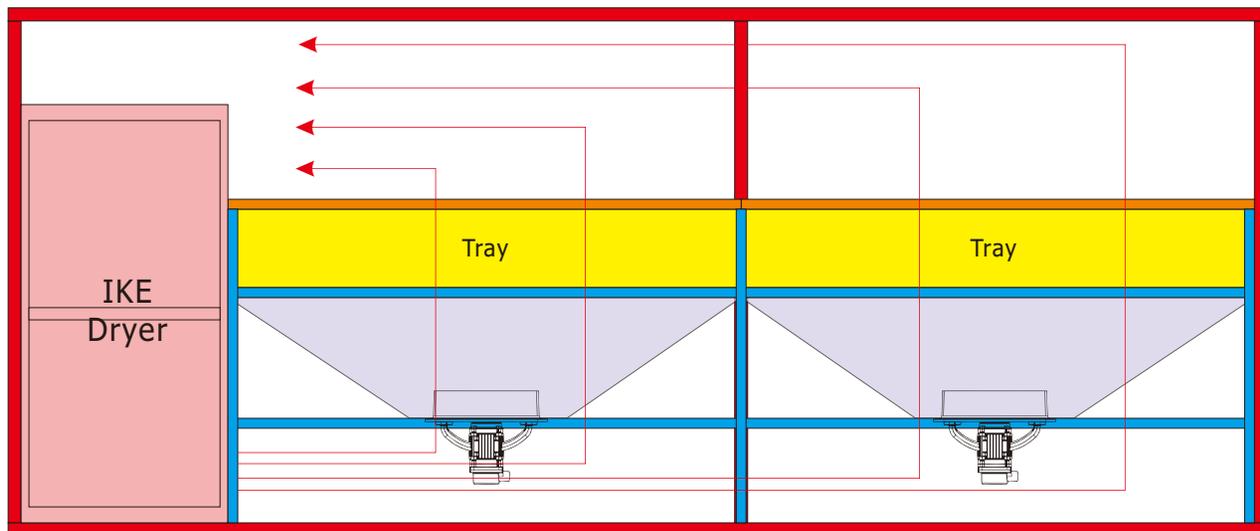

This structure can save a lot of manpower and improve work efficiency.

Model	AIO-500D	AIO-500A	AIO-500G
Material	Stainless Steel	Stainless Steel	Stainless Steel
Capacity	400~600Kg / batch	400~600Kg / batch	400~600Kg / batch
Power Supply	380V~3N / 50Hz / 60Hz	380V~3N / 50Hz / 60Hz	380V~3N / 50Hz / 60Hz
Power Input	6.0KW	6.0KW	6.0KW
Running Current	10.5A	10.5A	10.5A
Fast heating-up	4.5KW	4.5KW	4.5KW
Maximum Power	12KW	12KW	12KW
Dehydration Amount	18.0Kg/h (@50°C,80%)	18.0Kg/h (@50°C,80%)	18.0Kg/h (@50°C,80%)
Working Temperature	20~50°C	50~65°C	50~80°C
Controller	IKE Smart color-touch-screen		
Noise Level	≤75bB(A)	≤75bB(A)	≤75bB(A)
Wind Volume	4000m ³ /h	4000m ³ /h	4000m ³ /h
Main Machine	WRH-500D	WRH-500A	WRH-500G
Machine Size(L*W*H)	1800*1080*1320mm	1800*680*1320mm	1800*680*1320mm
Chamber Size(L*W*H)	4000*2100*2400mm	4000*2100*2400mm	4000*2100*2400mm

Front view (Main Machine & Racks)

This specially structure good performance on drying the light product, such as the leaves, chives, some very easy to fly up in the drying process, we have made special mesh to cover the big tray and let them not fly and drying be better.

AIO-500 series dehydrating system:

Drying Effect

dried apricot

dried banana

dried worm

dried jasmine flower

dried lemongrass

dried black pepper

dried beef

dried sausage

dried fish

dried root of kudzu

dried long bean

dried scallion
